### Beating Bureaucracy in Special Educational Needs

Helping SENCOs maintain a work/life balance

3rd Edition

By Jean Gross

Fully revised and updated for the 2014 SEN Code of Practice, this new edition contains strategies for reducing the number of individual education plans and review meetings. *Beating Bureaucracy in Special Educational Needs* will help you to use existing systems for target setting, recording and planning – personalised systems that are used for all children as part of everyday teaching practices. It lists the intervention programmes that really work and showcases the work of four schools that have successfully developed ways of planning provision, working with parents, and supporting staff development.

### Time to Talk

Implementing outstanding practice in speech, language and communication

By Jean Gross

*Time to Talk* provides a powerful and accessible resource for practitioners to help develop their own skills, as well as supporting a whole-school or setting approach to speaking and listening. Written by the government's former Communication Champion for children, it showcases and celebrates effective approaches in schools and settings across the country. Jean Gross helpfully summarises research on what helps children and young people develop good language and communication skills, and highlights the importance of key factors: a place to talk, a reason to talk and support for talk.
