

ADHD Training for Teaching Assistants

The course aim:

Sessions are interactive and delegate led wherever possible.

COURSE CONTENT

What is ADHD and is it a controversial diagnosis

- What other SEN are commonly seen in children with ADHD (based on our shared experiences)
- How can school staff support children with ADHD - what are the main goals when working with a pupil with ADHD
- What Strategies can help to achieve these goals (barriers and opportunities for applying these strategies in real-world practice)
- Putting together an action plan for children they work with.
