

Continuous Professional Development for the whole staff

Twilight sessions carried out in your school by Discovery Teaching School Specialist Leaders of Education

Package A—Developing English.

- Improving spelling—creative ideas to develop children's understanding of spelling rules and embed the strategies in their writing
- Developing reading fluency—increase accuracy, pace, intonation and comprehension skills. Benefits of embedding these skills are seen in all areas of the curriculum
- A new approach to writing moderation—compare and rank writing to develop progression across the school and address gaps in learning.

£400 for three sessions or £150 each

Package B—Constructing an Ambitious Curriculum

Completed over three sessions using latest research and ideas staff will, together, identify the curriculum intent, the methods for implementation and the impact of the whole school curriculum. Identify curriculum areas to develop and find out creative new ideas.

£400 for all three sessions

Package C—Leaders with Purpose

Practical and informative sessions to develop teachers knowledge for leading learning and subject leadership. Staff will learn different leadership strategies, develop their own leadership style, develop their knowledge of how and why we use learning observations and book scrutiny and pupil voice for school improvement. Apply what has been learned, in your school, between sessions.

£400 for all three sessions
